

SHARED COMMUNITY FUND

Overview of Purpose

The purpose of this Fund is to steward the money entrusted to Ormewood Church back into the community with congregational participation. You can apply to spend this money on a project or non-profit that supports the mission of Ormewood Church. We hope these funds help start, support, or enable folks in our neighborhood and beyond to do good in the world. To this end, we welcome the opportunity to financially support mission-aligned groups and endeavors to the process outlined below.

Who Can Apply

This fund is set up to enable members and regular attenders of Ormewood Church to recommend where financial assistance or support is needed in our spheres of interaction. Members or regular attenders of Ormewood Church are able to apply for funds in groups of two or more. In the application, please note which two OC participants are nominating the funds.

Parameters of the Fund

These funds can be sent to individuals or to nonprofit organizations. If sent to a nonprofit organization, there are not strict rules as to its use. For example, the funds can be applied to events, programs, or general operating expenses.

Applicants are encouraged to list their full request with the understanding that the funds offered are contingent on our fiscal year's projected budget and fiscal or missional priorities established by the Leadership Team.

Review of requests will occur at Leadership Team meetings. Estimated disbursement is quarterly. The Leadership Team reserves the right to review and disperse funds on an alternative schedule based on emergency situations, for example emergency funds sent to victims of Hurricane Helene.

All funds requests must align with our shared mission and values:

"Cultivating a shared community of curiosity, spirituality, and belonging."

Welcome others. Open our minds. Be of service. Participate.
